

Guidance of “Private mountain climbing guide in English”

There is not 100% safe that outdoor activity in nature environment. Our guides are determined to take participants on to our tours with the minimum risk, but it is important that you also cooperate with us not to risk yourself in danger.

Please be aware that in the nature environment, even the slightest carelessness can lead to an accident, and a condition of participation is that you agree to the contents of this guidance.

In this tour, we will privately guide you in English about the route you want to climb, when you want to climb. Please feel free to contact us with your wishes, such as the scenery you want to see or the places you want to go.

We will guide you to the mountains in Fukushima Prefecture where you can take a day trip on a regular climbing route during the snow-free season.

Nowadays, the quality and morals of Japanese guides are being questioned, such as not doing a preview, guiding to a mountain he has never climbed, or taking the wrong route. Our motto is “No matter how local the mountain is, I'll do a preliminary inspection.” Please feel free to suggest a course that suits your needs.

※A guide certificated Japan Mountain Guide Association will guide you.
